

WAY FORWARD!

From CEO's Desk

Consequently to a successful launching of its activities with MTN – Areeba in Ghana, Linfra Holding decided to have continuous presence in this potential market to remain close to its customers in order to respond to their needs.

Linfra Ghana office facilities located in the city of Accra with project office facilities in various regions according to project needs.

Linfra Ghana is in process to expand its organization after appointing a General Manager.

Thus, Linfra Holding reinforces its presence in Africa, in one of the most active markets. This will result in growing Linfra business and increase opportunities for Linfra employees.

This is a step forward on the way to expand Linfra presence in the Middle East and Africa. We will announce other expansions soon.
